2.9 Coaching for National-Level Competitive Examinations/HAS

Yes,

In an era where digital tools play a pivotal role in education, the teachers have utilized platforms like **YouTube** and **WhatsApp Groups** to deliver high-quality video lectures tailored to help students prepare for various competitive exams, including **National Level Competitive Examinations, HAS (Himachal Administrative Services), UGC-NET, and SET (State Eligibility Test)**.

These video lectures are specifically designed to cater to the needs of students preparing for challenging competitive exams. They provide focused content, tips, and strategies to tackle subject-specific questions effectively.

To further enhance accessibility, the video lectures have been uploaded on the **college website**, creating a centralized repository of educational resources.
